This ain't the kind of affair to make you dance about  
But there's something to say for the things  
You wouldn't regularly let out  
At least this chase makes you feel new

*[Chorus]*

She holds a key  
Tight in her hand  
Clutching his neck  
She is breaking the man  
Listen you sinner  
I'm sinning too  
Just wait until the darkness falls  
So I can sin with you

You've run through the whole gamut of gameplay  
The head-trip parade  
Without any experience  
You've become curious prey  
So change your position  
This decision you're making  
Is digging a hole

Oh, and where you're headed  
Only heaven knows

*[Chorus]*

So set out your plans  
Break down your walls  
Count what you're blessed with  
You've counted them all  
There's something to save  
But you have to search  
You might not believe  
But, believe me, it works,  
Believe me it works, yes it does

*[Chorus]*

She holds a key  
Tight in her hand  
Clutching his neck

She is breaking the man  
Listen you sinner  
I'm sinning too  
Just wait until the darkness falls  
So I can sin with you
