There's no need to beg babe  
That's my open pocket  
You take the money from me  
I can scrounge  
Gave me a fever that will not come down  
Oh babe!  
You're a young woman cast aside  
Ostracized  
Left on the sidewalk of my lonely life

*[Chorus]*

For the young lovers  
Taking the hill  
One plants a flag  
While the other is killed  
When the wine pours  
We raise our cups  
Young love is sacrifice  
Young love is tough  
Young love is innocent  
Young love is us

What did I get into

Now everything is untrue  
Oh, your eyes tell the lies  
Of the lines that you said  
And now that I love you  
Oh, I wish we'd never met  
Why wait?  
Woman I'm taking risks here  
That no one dared  
And you're scared  
Scared of the bottom  
Afraid of the stairs

*[Chorus]*

Someone  
I saw someone  
And fell in love with a face  
And it scares me to let her go

Still want her even though  
I get less than she takes

*[Chorus]*
