I have ordinary addictions
I've outgrown the ways of the street
And the nightshade
Hey! Goodnight ladies... ladies bye bye
I work odd hours, get home late most nights
She's upstairs, I'm downstairs,
Drinking coffee in the kitchen
Spoon in the sugar, knife in the butter... I want you.
Do you love me? Say you do, I'd like to see you undress
Let the light shimmer down, I've ordinary addictions
Whisper soft into my ear, secret words heaven sent

..so you can read my mind
Hush dear... the night is always young
There's no day here, tomorrow never comes
Let colors fly, we're safe from harm
See orange glow, let our love flow
No Romeo, no Juliet, what we got is deeper than that
Let's stay in bed, watch TV, and shag tobacco
I want you, I want you... you're my amphetamine
You're my lover... and there's no other...
..there's no other... there's no other
