(Verse One)

I hunger for your love  
Like flowers hunger for the sun  
The way your voice sounds when you hum  
You take the words right from my tongue

(Chorus)

You had me at hello  
You said it all with your eyes  
Slow dancing with your heart  
I can see it glowing in the dark  
You said it all with your eyes  
You said it all with your eyes

(Verse 2)

I hunger for your kiss  
Like nature hungers for it's morning mist  
The way you smile I can't resist  
Your dimples pull me in like sand so quick

(Chorus)

You had me at hello  
You said it all with your eyes  
Slow dancing with your heart  
I can see it glowing in the dark  
You said it all with your eyes  
You said it all with your eyes
