[Verse One]

Its been three months to the day  
But who's counting anyway  
You left me in the rain  
I'd take trains and cars  
Buses down the boulevard to find you  
There I'd find your arm  
Wrapped up in potential harm  
But at least tonight he'll keep you warm

[Chorus]

Cause I  
Wish You Well  
Slowly falling down  
Oh down oh down

[Verse Two]

Steam is rising from your cup  
And it fogs all the windows up  
And I can't see your face  
You look so sweet and smell so good  
Never thought you'd ever be so bitter  
To the taste

Chorus

Break
