There's a black ghost on my trail  
Won't go away, won't disappear  
Black ghost never fails to get his way

I'm gonna run like hell down the longest road  
When I turn around he'll be waiting there I know  
Black ghost knows me well

Out of my time a troubled dreamer keeps calling  
On someone or something  
Out of my mind a troubled dreamer keeps looking  
For something or someone to  
Free me, free me, let me go please

Though I try to shake him free  
I know that he's a part of me  
Black ghost living on, he knows me well

Out of my time a troubled dreamer keeps calling  
On someone or something  
Out of my mind a troubled dreamer keeps looking  
For something or someone to  
Free me, free me, let me go please  
Over and over and over again

And I know what I know, what I know, what I know, it's  
done

He's coming down  
He's with me now  
Black ghost by my side  
He's with me now

There's a black ghost on my trail  
Won't go away, won't disappear  
Black ghost never fails to get his way

Though I try to shake him free  
I know that he's a part of me  
Black ghost living on he knows me well

Out of my time a troubled dreamer keeps calling

On someone or something  
Out of my mind a troubled dreamer keeps looking  
For something or someone to  
Free me, free me, let me go please  
Over and over and over again  
And I know what I know, what I know, what I know, it's  
done

He's coming down  
He's with me now  
Ghost coming down  
Black ghost by my side
