Trash smell~

I am moving on a deep and muddy bottom and
Wearing unrecognized feathers. Am I "attractive"?
The "unreasonable" action suits me, doesn't it?
That's fine. I'm living, spoiled very f***'n doubter!

Natural born trash human
Natural born worthless fellow
Natural born rebel spirit
It is as good as rotted oranges

I stretch my arm and stare off a far wall.
Do you see this muzzle that aims at your head now?
Now by this hand in a free cockroach some time
Do you see this muzzle that aims at your head now?
I am seen, in the future when you fall on ground...

I wanna believe that I can reach it if I stretch my arm.

Natural born trash human
Natural born worthless fellow
Natural born rebel spirit
It is as good as rotted oranges
