Diver down into the ocean
Take her away
Tell my friends I'm doing fine now
At least today

I watch you breathing
I see you rise and fall
Sometimes it gets so dark
You don't see the sun at all

Sign your name if it makes it better
It could be just like it was
You know that crying won't help you now
If it ever did at all

I can see much further now
Than I ever did before
But I really do appreciate your time

So kiss me like the ocean breeze
Kiss me like you still remember
Come on, kiss me like the ocean breeze
Kiss me like you still remember me
I need to know my friend
Does it hurt, are you in pain?
Do it, clean my friend, take your time
Peace will come again
Would you believe me that I just have to
Want to need, to want to break free?

So kiss me like the ocean breeze
Kiss me like you still remember
Come on, kiss me like the ocean breeze
Kiss me like you still remember me

Kiss me like you still remember
Kiss me like you still remember me

Kiss me like the ocean breeze
Kiss me like you still remember
Kiss me like the ocean breeze
Kiss me like you still remember
