Sentimental game of tag

Aaaaaaaa. I am the introverted/pessimistic four-eyes1  
I fall in love with the hobby of that kid  
AAAAAAA. The Idol-sama of class 2 of the 6th year  
Whaaaaat~ "I am the victim " oi  
Accelerating persecution complex  
The contents of an existence ; "Trash" "chararira"2  
The bullying kid, The bullied kid  
The Seesaw-game of me and that kid!  
Please take care of me until the day gets dark  
Please touch me until I get in the mood  
For that the kid will be delighted  
Just throw away the high priced pride  
Sentimental infamy As for the brain losing youngster  
He takes today ?? photos of that kid, too  
R-rated3 perfection Kneel down in front of the camera  
for an erotic photograph!?

Please take care until the day gets dark  
Please touch me until I get in the mood  
Until that kid is delighted  
Ecstasy mode, let's enjoy the current state of our  
climax

Always always aalways  
They all come together  
To hurt me  
Don't make that face!

The evening glow stings my eyes so that I want to make  
dramatic love-making  
It's like the platonic me could not say I love you, I love  
you  
Nevertheless I should have known it from the  
beginning  
My feelings are only too forward and I can't suppress  
them.  
However it is sad that I begin to hate you  
But regardless how many times I say I will forget, I will  
forget it's not possible

If that kid would be able to give me a smile  
Only that would make me very happy  
Although it seems to be painful and painful to cry  
It was as delightful as losing consciousness

The evening glow around 5 o'clock in the afternoon  
I point my finger and sing to that kid  
I love you I love you with all my heart  
Let's wait until it applies to the ears
