Here we are, alone again  
In your arms again, and keeps on getting better  
Well I don't need to read your mind  
'Cause baby in your eyes, I can almost see forever

But before you go too far, before I fall too fast  
Baby you should know, I need love that's gonna last  
You gotta promise to be here  
Through the laughter and the tears  
Let me know that you're mine  
Everyday, every night... 'cause

Chorus:

There's just no other way to love me  
Take my heart, take my soul  
Baby never let me go  
No, there's just no other way to love me  
That's the way it should be  
If you gonna fall in love with me  
'Cause there's just no other way to love me

Let me show you how much I care  
And baby I swear, I'll be right there when you need me  
But I gotta know that you'll always be true (always be true)  
That you're gonna see this through  
And give your heart completely

I wanna feel it when we kiss, believe when we touch  
Baby don't just say you love me, 'cause words are not enough  
I wanna see it in your eyes, believe it deep inside  
I gotta know you'll be here  
Everyday, every night ('cause)

(Chorus)

I will never ask for more than I'll give to you  
(Gonna give me everything)  
I wanna give him my everything  
But I gotta know that my heart is true  
Every day (every day)

Every night (every night)  
For the rest of my life... 'cause  
Commitment baby that's what I need  
A heart that belongs only to me

I wanna feel it when we kiss, believe when we touch  
Babydon't just say you love me, 'cause words are not  
enough  
I wanna see it in your eyes, believe it deep inside  
I gotta know you'll be here  
Everyday, every night ('cause)

'Cause there's just no other way to love me  
Just no other way to love me

(Chorus repeat till fade)
