My car is silver and gold  
My car is silver and gold  
My car is silver and gold

It's my hotrod, it's my ride  
It's what I live for, what I drive

My TV is ten feet long  
My TV is ten feet long  
My TV is ten feet long

On my couch, I load my bong  
I'm tuned in, I'm always on

I'd like to take a trip to Memphis out east  
Or ride the magic dragon out on the sea  
But I think I'll just stay here in bed  
Just another morning of average head

My car is (ooh ooh ooh woo! )  
My car is (ooh ooh ooh woo! )  
My car is (ooh ooh ooh woo! )  
My car is

My girlfriend is six feet tall  
My girlfriend is six feet tall  
My girlfriend is six feet tall

She's got the moves, she's got the balls  
I'm a slave on my knees when she calls  
We'll take a cruise and let everyone see  
She's looking foxy in my front seat  
But she knows she's second-place in my heart  
Because she knows my first love is my car (ooh ohh  
ohh woo! )

My car is (ooh ooh ooh woo! )  
My car is (ooh ooh ooh woo! )  
My car is
