I love you Jean
But I can't go out tonight
In the Machine
All my thoughts are bound so tight

Living in recording studios
Makes me feel awake
Life is just a brand new Echo
A Digital Delay

Love in your Eyes
Oh Baby don't you realise
It's only Love in your Eyes
Oh Baby got to compromise

It's only Love
I love you too
But you make me feel so sad
A Mini Moog is just all you need so bad

You are just a damn Sequencer
Moving to the beat
Living with a synthesizer
Cold as a Repeat

Love in your Eyes
Oh Baby don't you realise
It's only Love in your Eyes
Oh Baby got to compromise

It's only Love
Input-Output
Input-Output

I love you Jean
But I can't stand you no more
Why do you scream?
I can't hear the monitors

Your voice needs an Equalizer
Try to sing this song
Filtered in the Harmonizer

We can get along

Love in your Eyes ...
