what a wonderful day  
everything is ok  
not a problem in mind  
leaving worries behind  
except for that little doubt you have  
concerning your dress tonight  
so you take a bottle of french wine  
and then you say you don't live twice  
you cast the dice

masterpiece you should have seen it  
that rainbow in the moonglow  
masterpiece you got to live it  
that new dawn tomorrow

what an elegant place  
you walk with elephant grace  
all Sunset Boulevard  
has been waiting the star  
they all gather to celebrate  
happy birthday my honey dear

what a joy to see your old mates  
in this Hollywood atmosphere  
with us at last

chorus

masterpiece you never act it  
but life is a movie  
masterpiece you got to try it  
we know you'd be moving

you had the tango too much  
you say you'll keep in touch  
back home in your rolls royce  
you smile and think of the boys  
all of sudden your sight obscures  
and your memories drift the air  
and you finally feel secure  
you're another star up there  
a star up there

chorus
