You said to me so 'Please love until dying...'
For what do you hope to me? Is it the hopeless last
scene?

Answer... I don't want to die.

DA DON VIDIVI DA DON AGAIN DA DON VIDIVI DA DON

The scream of insomnia. Is the next my turn?

What is a lethal weapon?

Oh shit! It was done too much. Parton me... Don't come
near me

Did you really love me heartily? Can you really call that
love?

Answer... I don't want to die.

DA DON VIDIVI DA DON AGAIN DA DON VIDIVI DA DON

The scream of insomnia. Is the next my turn?

Lethal weapon is lip. Your affection rape me.

Let's sing to you again.

This is last copulation.

Why can't you understand it?

Can't you hear my shout?

Again... Until hate goes away.

Don't touch me! Don't touch heart! Don't show that
face!

I don't want to die.

This is the last copulation.

Why can't you understand it?

Can't you hear my shout?

Again... Until hate goes away.

Don't touch me! Don't touch heart! Don't show that
face!

I don't want to die.
