Don't delete the value to live for by death

kanjou o kakimidashite kimi ga odotteru
hibi kanjiru kutsuu o haite ashita o ikireru nara

The only words that I can say to you
-Don't forget the heat that felt here?

myakuutsu kodou mune ni sashite kimi ga nageki
sakebu
hedoro mamire no sono ashi de koko ni kodoku o sute
ni kureba ii

The only words that I can say to you
-Don't forget the heat that felt here?

Spit out a pain here
Erase a hesitation
kikoeteiru kai?

To this day

How many times did you think about death?
In the small world
The death doesn't give freedom to you
Even feelings fade away
How many times did you think about death?
In the broken world

If you can believe nothing
Spit out a pain here

The only words that I can say to you
-Don't forget the heat that felt here?

kiritsukeru mae ni toikakete mina agaite made ikite
yuku kachi ni
asu o tatsu sono muimi sa ni dareka ga negatta asu ni?

How many times did you think about death?
In the small world
The death doesn't give freedom to you

Even feelings fade away
How many times did you think about death?
In the broken world
Tomorrow does not disappear
Don't kill yourself
