May be we can talk about your life You wanna settle down May be we can turn it all around A little at time We can just pretend no one will know Just wanna make you mine Slip inside if its cold Close the doors to the world Is it the first time Do you feel lonely RIT. Lost and unfound without a sound Hearing your voice when youÂ're not around Lost and unfound canÂ't touch the ground Wish I could hold you real close to me now (fine rit) Look for something other than affection Wanna set it burn Look inside the fire still weÂ'll learn To leave it all behind Only say the words you feel inside If you want to be alone Slip inside if itÂ's cold Close the doors to the world Is it the first time Do you feel lonely Rit x 2 (Grazie a Daniel per questo testo)
