"Four Men"

The end of a decade closes in
The oppressed fight back but still can't win
A blind eye sees more than pain
Expressions on heads look so feign

Four men died today, someone's gotta pay
Why did four men die today?
The culprits can't be found, they're hiding
underground
Why did four men die today?

Four men
Four men
They die today

Hobos and underdogs strike a new chord
They're sick and tired of acting bored
Legions of damned citizens try
While all around the rotting die

Four men died today, someone's gotta pay
Why did four men die today?
The culprits can't be found, they're hiding
underground
Why did four men die today?

Four men
Four men
They die today

Concerned committees study and gen
The final word from Number Ten
The worried gasp a sigh and frown
As all the walls come crashing down

Four men died today, someone's gotta pay
Why did four men die today?
The culprits can't be found, they're hiding
underground
Why did four men die today?

Four men

Four men
They die today

The end of a decade closes in
The oppressed fight back and still can't win
Doomsday lurks, an ugly figure
Who'll be first to pull the trigger

Four men died today, someone's gotta pay
Why did four men die today?
The culprits can't be found, they're hiding
underground
Why did four men die today?

Four men
Four men
They die today
