"The Forbidden Zone"

Visit "[The Forbidden Zone](#)" on MotoLyrics.com

In the desert with a bottle of JD
The red pipe glows with lines of C
Things are normal but they won't be soon
Hairy monsters in the next room

Frogs heads and midgets going oingo boingo

Take my hand and we'll explore
The forbidden zone
When you're in your own tree
But don't know if anybody's home

Thugs in lingerie greet you
Bitch queens with tattoos eat you
You haven't got a watch but it's nearly four
And there's armed police knocking at your door

When you've jumped the fence into the bath
We'll understand if you have the last laugh
Just as things seem as they were before
Down with the field up with the air conditioner
