Ooh Ooh

by Gboof

Nana nana na na yeah (x2)

Ooh Ooh Ooh, Ooh Ooh (x2)

Verse 1:

It started so beautiful

He said I do, She said too

But as the days passed bye

His love was there no more

So many lonely nights

He left her all alone out in the dark

Crying all through the night

What a pain

Verse 2:

Yes it started so beautiful

Lots of roses and pictures too

Sitting there in a garden cool

She never knew he would be the tool

That I'll break her heart someday

And make her cry those tears of regret

Ooh Ooh

Response:

Now she said,

I've been sitting all through the night

I don't know what is left of my life

Have i wasted all my time, no

Don't ever think, i can't be the one that you want me
to be

Lord please, come and take this cup from me

Ooh ooh, yeah
