Don't close the door, don't close the door
Don't close the door, don't close the door
Don't close the door to my heart
(To my heart)
Don't close the door to my love
(To my love)

When she left, she packed light
No luggage allowed on that red eye flight
I wonder what she had for her free drink
I hope she got a pillow, don't close the door

(Don't close the door, don't close the door)
I hope that someone meets her at the gate
(Don't close the door, don't close the door)
I hope that they're there on time

(Don't close the door to my heart)
And they can skip baggage check
(Don't close the door to my love)
Beautiful, don't close the door

Don't close the door, don't close the door
Don't close the door, don't close the door
Don't close the door to my heart
(To my heart)
Don't close the door to my love
(To my love)

She went up, she couldn't go west
The ocean held her in like a breast
By a brassiere of broken land
I can still see her, don't close the door

(Don't close the door, don't close the door)
Now I've no need for a peephole
(Don't close the door, don't close the door)
For I can see clearly now

(Don't close the door to my heart)
No sacred cow, I miss you
(Don't close the door to my love)

I can't close the door you went through

I can't close the door to my heart
(Don't close the door to my heart)
I can't close the door to my love
(Don't close the door to my love)
