Ready or not here I come is what she said  
I was the one for her story instead  
So to give me memories so  
Satisfy secrets pushing broken doorbells  
Ringing implicit leaves fall down  
Joyous hell-bender  
Going down, slowly rising  
Son of a someone two three for ÆfÂ get along  
Heir to the princess sing sing a happy song  
Making baby memories so  
Saddle the horses and let's ride out at dawn  
Head toward the sun rising upstream will spawn

Laying down so we can  
Enjoy delicate things  
Enjoy delicate things  
Ready for anything without a seer  
Leaves on the trees are trembling upside down  
Silver and clear my memories so  
Ever there was a story I ache to hear  
Mary Maudlin heard the goats under there so she's  
Going down, slowly rising
