"Night Of The Serpent's Judgement"

Chaos is striving forth
Unexpected
The ultimate weaponry
Unleashed upon mankind
Gaining power from the victims
Awareness of death
Realise your death will not be the final horror
The world is burning
Mankind will be no more
Still amazed
This technological terror
Was made by human hands
Genocide
Entire nations are waiting to die
Truly innovative
How many ways death will find
Who provoked the gods to return
They caused such anger
That all life must burn
Turn this planet
Into a place
Where the alien species
Will be life itself
