[Lyrics by Sanrabb]

I will find my way  
Through this void called life some day  
I cast my spell to set them free  
I serve the demons, they serve me

By ways of Belial  
On paths of ancient times  
I call out in vengeance  
I know your name

Shaitan  
Night has come  
I feel the forces shift and turn  
I call your name  
Shaitan

By ways of Baphomet  
On paths of ancient times  
I call out in anger  
I know your name

Satan
