Soom His Eyes Stare Up On You  
The Son Lucifer  
The Seal of Sin  
Upon You Chest, Protect You

(Chorus)  
In The Sky The Morning Star Soars  
Way Up High Reminds Us All  
The Years To Come All Love Will Die

Before Te Sun, A Star Sends It's Light  
Set Your Ritual.....Right  
Stream of Torment  
Streams of Blood  
Fear Not For Your Flesh  
Fear For Your Soul, Your Spirit

Remember Me Gaze At The Sun  
Light Your Fire Let Them Remember  
Forget They Are  
Still They Are All gods

In The Sky  
Way Up High Where I Roam  
All Love Will Die

(Chorus)

Let The Ghosts Gather  
Wandering Endlessly  
All of Them Old And New  
Let Them All Gather

All Hell Your Ritual Seem To Attract
