Swallow me as I become a living dream  
Don't fade on me  
Don't let me down

These memories still haunting me  
But there's nowhere to run  
A tragedy my head spins round

All I try to find out, try to find out  
Why all these words leave me in doubt

When the sunlight fades away  
I feel like my life's on hold  
My life's on hold  
A storm is moving in on me  
Now I know what I've been told  
I know what I've been told

Another journey through my soul  
I've built myself to last  
Forever here but never passed, never passed

I know I'm lost, my soul is gone  
I pay for my crimes  
A shattered ego in my mind

All I try to find out  
Why all these dreams leave me in doubt

When the sunlight fades away  
I feel like my life's on hold  
My life's on hold  
A storm is moving in on me  
Now I know what I've been told  
I know what I've been told

When the sunlight fades away  
I feel like my life's on hold

When the sunlight fades away, fades away  
I feel like my life's on hold  
My life's on hold

A storm is moving in on me  
Now I know what I've been told  
I know what I've been told

When the sunlight fades away, fades away  
I feel like my life's on hold  
My life's on hold  
A storm is moving in on me  
Now I know what I've been told  
I know what I've been told
