"And I Lie"

More or less
Everyone has a mess
In their hearts and heads
But we are searching for happiness, happiness

And I lie, and I lie, and I lie to survive again
And I lie, and I lie, and I lie, and I lie

Stop if you're going down
If you wanna take a rest
Just for a while
Leave the town
You are strong
The road is long
Carry on, carry on
We can't go wrong
No, we can't go wrong

Time goes by
The same look in your eyes
And the same way you smile
Are you still searching for happiness?

And I lie, and I lie, and I lie to survive again
And I lie, and I lie, and I lie, and I lie

Stop if you're going down
If you wanna take a rest
Just for a while
Leave the town
You are strong
The road is long
Carry on, carry on
We can't go wrong
No, we can't go wrong

Whole world breaks into pieces
And you can't get it back anymore
And it slips through your finger
And you
Just try
And you just try

To hold on
To hold on
To hold on

No, we can't go wrong

Stop if you're going down
If you wanna take a rest
Just for a while
Leave the town
You are strong
The road is long
Carry on, carry on
We can't go wrong
No, we can't go wrong
