You say..
My body, my hand
My heaven, my land
My guardian angel is mine
You say□my dreams, my head
My sex, my bed
And it's my corona with lime

And then I say ..
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you□

You say..
My hate, my frown
My kingdom, my crown
My palace and court is mine

You say..
My lights, my show
My years to grow
The time that I spend is fine

And then I say ..
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you□
But you say□my coat, my hat
My bones, my fat
My zipper is shut by me

You say..
My skin, my blood
My devil, my god
My freedom is what you see

But still I say
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you□
My begining, my end
My nuclear bomb to pretend□.
