So empty inside  
and I'm loosin' my pride  
Thrill exploding out of me

Down to the ground  
and my head's full o'sound  
No innocence between

A victim of circumstance  
Never had a chance  
Sacrificed without a fight

Carry on with this lie  
No matter how hard I try  
Suffering one last time

and you don't know  
I'll touch and add you to my fame  
Welcome to  
my wonderland

I'll never understand why  
Have I lived before  
The illness and lies  
The virus never dies

Rain may fall 'round me  
I can't drawn me out  
It's my last final step  
Checkmate in red

Trying to make a stand, trying to hold a hand  
as my bridges burn to the ground  
I violate and I think I feel hate  
as I stare my demons down

I kept you under the sun  
Away from the cold  
I sheltered you from the storm  
The evil alive, no guiding, no hide  
I see the look inside

My magic hand  
Will strike you down  
and rule the land  
I'll take the crown
