3, 2, 1!
Last train has gone,
What about us?
And all the letters?
The titles of the movie this time won't show
What is better,
And who is better!

Surviving bruises and scars
And drugraces with love cars,
Japanese girls with shadows, so plastic!
Headache,
Morning,
Gymnastics.

"Hey, love's far!"
That's what she said before leaving.
Cinema,
Friday's big night out,
While pictures of life keep running, running.

A stormy and windy one,
Remember the night before the sun,
Bob Marley was smiling,
A poster from Hong-Kong,
That was a 'redemption song'.
The gas station,
And later enjoying the sparks in the dark,
Getting high, getting high,
Reincarnation!
So, when is our real station?

"Hey, love's a star",
That's what she said before leaving.
Cinema,
Friday's big night out,
While pictures of life keep running, running.

"Hey, love's a star",
That's what she said before leaving.
Cinema,

Friday's big night out,
While pictures of life keep running, running...
