My friends gonna call me: hey dreamer  
The stars you are watching are so far  
Tonight I know I will get there  
By plane or by bus - right to my star  
Pretend there are things you just don't know  
In spite someone's told you are so cute  
You have to ask and I will show  
The snow in the summer or so, so

If my star will fall  
Or disappeared at all

I will follow my star till the end of my days,  
And my heart's gonna lead me in so many ways,  
And if you gonna join me I'll be your guide,  
Baby, 'never say never', be my 'Runaway bride'

My friends gonna tell me: Just calm down  
The clouds you are walking are so high  
This is my chance, and I'll invite  
All the dreamers and lovers to fly (fly).  
I'm back from the future, life goes on,  
But still I remember my promise  
You have to ask and I will show  
The snow in the summer or so, so

If my star will fall  
Or disappeared at all

I will follow my star till the end of my days,  
And my heart's gonna lead me in so many ways,  
And if you gonna join me I'll be your guide,  
Baby, 'never say never', be my 'Runaway bride'

Yeah.... my runaway bride, hey hey, hey yeah

If my star will fall  
Or disappeared at all

I will follow my star till the end of my days,  
And my heart's gonna lead me in so many ways,  
And if you gonna join me I'll be your guide,

Baby, 'never say never', be my 'Runaway bride'

Hey.. My runaway.. iiihhh
