Go!

You are a liar, you've let me down again
I don't believe you anymore
Your friendship was a lie, I've never felt so low

Nails in my hands

You have betrayed me, you've crucified my soul
I'll never trust you anymore
I know what Jesus felt, seems like I feel the same

Nails in my hands

Nails in my hands

Nails in my hands

Nails in my hands

Nails in my hands
Nails in my hands
Nails in my hands
Nails in my hands
