One thing always leads to another  
Anyway you're lookin' in in this life  
One thing always makes it worth to bother  
Anytime you think on it in this life

Of all the things that I could sing  
There's only one that gives me wings  
And that's the thing that makes me fall  
In love with you, oh

Fall in love, fall in love  
I'm fallin' in love with you  
Fall in love, fall in love  
I'm fallin' in love with you

One thing always makes me happy  
Anytime I am with you  
One thing always makes me wonder  
Anytime that we come through

Of all the things that I could sing  
There's only one that gives me wings  
And that's the thing that makes me fall  
In love with you, oh

Fall in love, fall in love  
I'm fallin' in love with you  
Fall in love, fall in love  
I'm fallin' in love with you  
Fall in love, fall in love  
I'm fallin' in love with you  
I'm fallin' in love with you

One thing always and forever  
Is what we found  
One thing always and forever  
Will be, will be  
Will always, always be our home  
Will always be our home

Fall in love, fall in love  
Fallin' in love with you

Fall in love, fall in love  
Fallin' in love with you  
Fall in love, fall in love  
Fallin' in love with you  
Fall in love, fall in love  
Fall in love, fall in love  
Fallin' in love with you
