Cause I feel you tonight  
Cause I feel you tonight  
Cause I feel you, feel you  
Tonight I feel you  
Cause I feel you tonight  
Cause I feel you tonight  
Cause I feel you, feel you  
Tonight  
Cause I feel you tonight  
I feel you baby  
I feel you, I feel you baby

You don't want me  
You don't want me  
You don't need me in your life  
I feel you baby

Baby you don't know what I feel for you  
Maybe because I didn't know until tonight  
In my heart I feel I need you so  
Please forgive me if I never show you my love

Baby you don't know what I feel inside  
Sure you didn't know it would be tonight  
I give you all my loving and you know for sure  
Please forgive me if I never show you my love
