[Chorus:]

Baby,
I can't keep my eyes off you
So hypnotized by the way you move
And I just wanna know
Baby what's your name
And maybe later on
We can go somewhere
Yeah-a-a

[Verse 1:]

I got a thing for them 5'1"-5'2" 's
Walkin' right past me in stiletteo shoes,
Hold up,
Tattos yeah I like 'em too
They got piercings I don't mind a few, no,
I need a stunna
The type when you see comin
Everybody stop-- stops
It's what they doin'
And lil' mama looks like that type
Let me slide a little closer when my time is right
And the way that your movin'
Your movin' draws me in closer into it,
I don't care, I'mma stare
Keep do whatcha doin' lil' mama
Soon as ya done I'm up on ya
I'm right here, and ain't goin no...where

[Chorus:]

Baby,
I can't keep my eyes off you
So hypnotized by the way you move
And I just wanna know
Baby what's your name
And maybe later on
We can go somewhere
Beacuse lil' mama all I really wanna do is
Get with you
Yeah-ahh
Tell me

What it's gonna take to
Get with you

What's it gonna take yeah....

[Verse 2:]

Hey.... Hey

Tell me what I gotta do

I ain't like these other suckas runnin' game on you

I'm sure ya hear it all the time

But I don't spit lines,

I don't waste my breath shit..on all that mess

If I said it then I meant it

Not to try to get between ya

And I ain't gotta wow you,

To make you a believer

Some like to make it rain, yeah we can make it rain

Like JD once said, shit;money aint a thang"

I ain't tryin' ta impress ya

Lil' mama you can tell what I got

An 'at don't matter, that don't matter

We can get it poppin'

Like these champaign bottles

And don't be playin' hard to get

It'll only make me try harder

Come on

[Chorus:]

Baby,

I can't keep my eyes off you

So hypnotized by the way you move

And I just wanna know

Baby whats your name

And maybe later on

We can go somewhere

Because lil' mama

All I really wanna do is

Get with you

Yeah-ahh

Tell me what it's gonna take to get with you

[Verse 3:]

So whatcha name is

Little lady

I'm tryin ta see what it do wit cha baby

You got partners

I got partners for 'em

And more to drink

And some of that good to blow on

I got her started now she don't wanna stop

When she grindin' on me you know i'mma hard as a

rock
Now it's 5 in tha mornin'
Party ain't slowin'
Back to the hotel's
Where we going yeah...
And you know how I do it, if I see it
Then I want it, and I seen how you move it 'hey
Why don't cha move it over here and make yourself
comfortable
'cause we ain't goin' no where

[Chorus:]
Baby,
I can't keep my eyes off you
So hypnotized by the way you move
And I just wanna know
Baby what's your name
And maybe later on
We can go somewhere
Because...
