baby can you please forgive me, I've been away for far
to long,
i never ment to leave you lonely so baby can we just
move on,
then i wont live another day without you,
and that i only dream about you,
every word im say is the truth the whole truth and
nothing but the truth,
baby can you tell me.....

why dont we just fall in love,
fall in love agian,
why dont we just fall in love agian,
we've been in it since now and all but that was way back
when(why back when)
why dont we just fall in love agian

i know you've heard alot about me,
but not alot of it was true,
but i dont care what they been saying so let me do just
what i do,
i know it feels like its forever and i've gone away,
but baby thats the game we chose to play,
when we're apart your in my heart and mind,
so baby lets get down to some quality time

why dont we just fall in love,
fall in love agian,
why dont we just fall in love agian,
we've been in it since now and all but that was way back
when(why back when)
why dont we just fall in love agian

every morning as i woke you were the first thing on my
mind,
and i cant wait show you all the lov i have
inside.....OOOO YAAAAA

ooh baby baby baby baby oooo

come and love pretty baby come and love pretty baby
come and love me
