Heard about your band
I couldn't help it you were screaming in my ear
Coked up arsehole
Waiting for liars

You shared a cab with Karen O
Oh oh, oh oh oh
You're talking hyper bullocks
You're talking salaries

Oh, yeah, you work in Insurance?
Thirty K? O T E
You met Electrelane
Aa, aaa
You know the girl from Sleater Kinney
You said you couldn't understand
Why it was that she continued to play
When she was only earning ten grand PA

You know a lot of people in the industry
Woo, hoo, woo, hoo, hoo
I heard about your band
Whatever dude
