I was searching through the record section  
Of a shop in Birmingham  
Trying to forget the news

But you know how things sometimes are  
The fates conspire to  
Remind you

'No Return' was its title  
'No Return' like I'd said  
'No Return', those searing words  
Burning in my head

I'd come across a compilation  
Called 'Blues in a Minor Chord'  
As though you were there behind me

I'd turned it over to read the sleeve notes,  
Credits in a daze  
And a chill came up my spine

'No Return' was its title  
'No Return' like you'd said  
'No Return', those piercing words  
Tattered in my head

And I'd said,  
"The pain of being together  
Is more than being apart"  
I thought of you all December long  
And now it's a New Year's start  
"The loneliness of walking by your side  
Is more than walking alone"  
It's why I'm leaving

I let out a hollow howling  
Falling terribly  
Like wind escaping from a tube

I think they call it coincidence  
Or something like deja vu  
You never believe it 'til it happens to you

'No Return' was its title  
'No Return' like we'd said  
'No Return', like icicles  
Falling through our heads

And I'd said,  
"The pain of being together  
Is more than being apart"  
I thought of you all December long  
And now it's a New Year's start  
"The loneliness of walking by your side  
Is more than walking alone"  
It's why I'm leaving

It's why I'm leaving  
It's why I'm leaving  
It's why I'm leaving...
