Ring-a-ding-ding, oh my head's in a spin,  
Now there's a cowboy in the court, he's got a monkey  
on a string.  
He's singing dance, dance, dance to the monkey  
macaroni,  
had to get out now, it was making me horny.

Spent all day trying to ease the pain  
Oh no, you keep on scratching but it just won't go  
Oh no, you're drawing blood but it still won't go

Super skipper Sue, now tell me what can i do,  
I've got a hole in my pocket and a stone in my shoe.  
I've been-a walking all day and my limbs are so tired.  
Won't you put me to rest, put me tonight

Spent all day trying to ease the pain  
Oh no, you keep on scratching but it just won't go  
Oh no, you're drawing blood but it still won't go  
Oh no, you keep on asking but you still don't know  
Oh no, you're gicing blood but it still won't go
