There's something about the way  
You look tonight  
I don't know exactly what it is  
I know when you had it all you stared  
Up and to the right  
As if to ask forgiveness  
For all the nasty things that you did

I love you,  
But I don't wanna do this anymore

I need ya, to be happy  
I just have to ignore, my feelings  
I've been hurt too bad too many times before  
But I can't stay away  
I just keep coming back for more, baby

Sometimes you make me feel special, oh no  
Sometimes you make me wanna die inside  
You're leaving me too far gone,  
Dragged away from love  
I know that I want you, oh  
But I need more room to fly up so much higher above

Something about the way  
You feel tonight  
I don't know exactly what it is  
Your skin's too soft for comfort and your  
Your hair's too dark for night,  
And your eyes look like they wanna take and never give  
Oh, but I love you, I don't wanna do this anymore

Well I need ya, to be happy  
I just have to ignore, my feelings  
I've been hurt too bad too many times before  
But I can't stay away  
I just keep coming back for more, baby

Sometimes you make me feel special, oh no  
Sometimes you make me wanna die inside  
You're leaving me too far gone,  
Dragged away from love

I know, yes I know that I want you  
But I need more room to fly up so much higher above  
I need more room to fly up so much higher above

I know that I love you baby  
Let everybody see  
You know that I'm your man  
And there's nobody better than me  
I said I know that I love ya baby,  
You can let everybody see,  
You know that I'm your man  
And there's nobody better than me

So, so, don't go running 'round on me,  
Don't ya go running 'round on me  
I'm all that you, all that you'll ever need  
No, don't you go running 'round, don't ya go running  
'round on me  
'Cause I'm, I'm all that you,  
I'm all that you, I'm all that you'll ever need

Oh, no  
Don't you go running,  
Don't you go running round, no  
Baby, 'cause I, 'cause I  
Oh, 'cause I love you  
And I don't wanna do this anymore

Well I need ya, to be happy  
I just have to ignore, my feelings  
I've been hurt too bad too many times before  
But I can't stay away  
I just keep coming back for more, baby

Sometimes you make me feel special, oh no  
Sometimes you make me wanna die inside  
You're leaving me too far gone,  
Dragged away from love  
I know, yes I know that I want you  
But I need more room to fly up so much higher above

I need more room to fly up so much higher above
