"The Most Fun"

Visit "[The Most Fun](#)" on MotoLyrics.com

The most fun that I ever had
Was the night the gypsies came to town
Lit up these streets like they've never seen
And have not seen since

Up to that point we were country boys
Snorting speed and surfing cars
Chasing girls and bailing hay
And smashing up our lives

They put up their tents in the pasture fields
And invited everybody round
I spent two long days and three whole nights
Losing my mind to all that's right

I spent three long nights and two whole days
Losing my mind on MDMA, it was...

After that everything changed
