So sad she didn't make it, it's time for us to fight back

Cant believe he did that there, hit her up and pulled her hair no good he kept her fearful  
Every night he gave her earful "Dont do that, dont to this" her friends were clueless  
Her Mom had no idea that he wasnt playin fair but she was young damn she did what she could to  
Manage she didnt think that this fool would ever take advantage  
Not only was he worthless on top of that he was stupid and thats how women suffer i think  
We've had enuff of.....

*[Gemma]*

*[Verse 1]*

Everyday she would call me with another story said her mans treating her so Ba-ad  
This can't be the same girl thought your man was your world?  
Can't you see hes making you so sa-ad  
He creeps up on you daily leaves you with the baby he wont leave or go away its all up to you

Girl we dont have a clue girl about your pain

*[Chorus]*

Girlfriend

How could let him treat you so bad (No-oh)

Girlfriend

You know your the best hes ever had (No-oh) [X2]

*[Verse 2]*

Got woke up in the night see blue lights shining brightly  
heard screams they said a girl was  
Dead caught up in a domestic that she could have left  
it her skull served injuries to her head  
I cant believe your gone girl what about ur son girl  
Girl like you out of hes way for u ill say a prayer girl, put

that man in jail girl,ill miss  
You friend

*[Chorus]*

To all my ladies if you feel me  
Then cry for help you need to live your life learn to  
respect your self  
You need to stop the pain break the chain look out for  
love make no mistakes its not too late
