A lonely burden rests gently
This is harder than I thought
Your face is distant and paler now
It's funny how things work out

But if I keep a constant speed
And watch everything rush past me
It's the quickest way to leave it all behind
Only it never leaves

I'm beginning to forget, I'm beginning to forget you
I just see an outline
I'm beginning to forget, I'm beginning to forget you
I hope that's alright

I miss your kitchen window view
The effect I had on you
Your voice is lost in static waves
Erased by every day

If I keep a constant speed

And let everything rush past me
This bloody mess I can leave behind
Only it never leaves

I'm beginning to forget
I'm beginning to forget you
I just see an outline of you
I'm beginning to forget
I'm beginning to forget you
I hope that's alright

I'm beginning to forget
I'm beginning to forget you
I just see an outline
I'm beginning to forget
I'm beginning to forget you
I hope that's alright

I just see an outline

I just see an outline of you
(Just see an outline)
I just see an outline of you
