I used to want the morning  
You and me, just hanging around  
But I can't shake this feeling off  
Can't shake this dead weight off of my back

It's a troubled place we scale  
But we just break it out  
We give too much  
Although it leaves you cold, oh

Got no place else to go  
In a daze just hanging around  
It's a dirt ground we crawl upon  
I've stared at your face for much too long

It's a troubled place we scale

But we just break it out  
Watch us give too much away  
It leaves you cold, oh  
Cold, oh cold

I used to want the morning  
You and me, just hanging around  
It's a troubled place we scale  
Where we just wait it out

Watch us give too much away  
And we just wait it out  
And the words you meant to say  
And the words I give away  
Leaves you cold  
Oh cold, oh cold, oh cold, oh
