Album: Night On My Side (2002)

When I hear the sound of laughing

It takes me back to forever

Where the sunset sleeps across the fields

Awoken by my dreams racing

With such a long goodbye

You knew it would make you cry

The twilight comes to quieten our hearts

My good friends we were scared of nothing

Lamplight stretched across my bed

I'm awoken by cars racing

With such a long goodbye

You knew it would make you cry

With such a long goodbye

You knew it would make you cry
