Slow walk will do you good
Try and take it all in
You said you'll hold me down
Show me how to turn this mess around

You can cry
No one is looking at you
You can cry, cry

Can't stay out of luck
Have trouble trying to wake myself
That's alright, I caught myself
Dragged me up to better health

You can cry
No one is looking at you
You can cry, cry

You can cry
No one is looking at you

You can cry, cry

All good things must change
And I'd fight it if I could
All good things must change

I worked myself into a calm
I worked myself

You can cry
No one is looking at you
You can cry, cry

You can cry
No one is looking at you
You can cry, cry

All good things must change
And I'd fight it if I could
All good things must change
