Called it quits a year ago
I saw the writing on the wall
Ain't it funny how you know
When you don't really know at all

See you round was the phrase
As I remember, that we used
But as I look back on those days
All I've gotten is confused

And now we're
Moving in the same circles
Talking to the same folks
Going to the same places
Hearing the same old jokes

Moving in the same circles
Going nowhere at all
I still love you, baby
Damn it all

I said that I was leaving town
But hearts grow fonder, so they say
But as of now, I'm still around
Kind of think I'm gonna stay

But I can't take this place alone
And ever since we said goodbye
We've said hello but not at home
I just think it's time we try

Instead of
Moving in the same circles
Talking to the same folks
Going to the same places
Hearing the same old jokes

Moving in the same circles
Going nowhere at all
And I still love you, baby
Damn it all

You know we're
Moving in the same circles
Talking to the same folks
Going to the same places
Hearing the same old jokes

Moving in the same circles
Going nowhere at all
And I still love you, baby
I still love you, baby
I still love you, baby
Damn it all
