With Kim Carnes

I'd like to live out all my dreams  
And if I could, yes, if I could  
The nicest one would be with you  
And you'd be here with me  
Don't you ever get lonely

Lord, I'm no good when you're away  
But what do you expect from a girl  
Who loves you like I love you

Won't you ever just get tired  
And come on home to me  
Won't you ever get lonely

You're a part of me  
That I can't do without  
You're a part of me  
That dreams are all about

But you can't hold on to something  
That you've never had before  
Love waits for the wind  
To bring you back again

Friends say it's great now you're a star  
But what do they expect from a girl  
Who loves you just the way you were

Oh, and late at night how I wish  
Things had never changed  
And you were here with me  
Don't you ever get lonely

You're a part of me  
That I can't do without  
You're a part of me  
That dreams are all about

But you can't hold on to something  
That you've never had before

Love waits for the wind  
To bring you back again  
And take me away

Take me away  
Take me away  
Take me away  
Oh, take me away  
Oh, take me away  
Take me away...
