Everything must change
Nothing stays the same
Everyone will change
No one stays the same

The young become the old
And mysteries do unfold
'Cause that's the way of time
No one doesn't change

There are not many things in life
You can be sure of
But rain comes from a cloud
And sun lights up the sky
And hummingbirds do fly

Winter turns to spring
A wounded heart will heal
But never much too soon
Yes, everything will change

The young become the old
And mysteries do unfold
'Cause that's the way of time
Nothing doesn't change

There are not many things in life
You can be sure of
Except the rain that comes from a cloud
And sun lights up the sky
And hummingbirds do fly

There are not many things in life
You can be sure of
But rain comes from a cloud
Sun lights up the sky
Hummingbirds do fly
Everything must change
