What is there left here
Now that you've gone?
What is there left here
Now that you've gone?

Throw your caution to the wind
Lay down beside me
Pick your pieces from the floor
I'm what you're waiting for

Be a lover, just wait and see
Be like no other, just wait and see
You will discover, just wait and see
Live forever, just wait and see

Put it down to circumstance
Now I'm at your door
It really doesn't matter
I'm what you're looking for

Be a lover, just wait and see
Be like no other, just wait and see
You will discover, just wait and see
Live forever, just wait and see

What is there left here
Now that you've gone?
What is there left here
Now that you've gone?

Be a lover, just wait and see
Be like no other, just wait and see
You will discover, just wait and see
Live forever, just wait and see
