I've just begun since you've gone, to understand I'm
the only one

And if you cross yourself at night

Chorus:

I'll come and see you, don't run and hide

I'm always near you, I'm always near you, near you

And if you turn out the light (turn out the light)

Don't think you'll hide behind the night (behind the
night)

And if you touch me, I might

Might turn and see you, don't run and hide

I'm always near you, I'm always near you, near you

I've just begun since you've gone (since you've been
gone)

To understand I'm the only one (the only one)

And if you cross yourself at night

Chorus

Don't run and hide, you'll be the only one

I said don't try to hide for me and everyone

Don't try to hide, you'll be the only one

I said don't try to hide for me and everyone

Everyone, oh everyone, oh everyone

Everyone, oh everyone, aha, oh everyone

Everyone, oh aha, aha, everyone, oh everyone, aha, oh

aha
